Certification of plastic materials
The VDE Institute has agreed on a cooperation with the test house IMQ (Mailand, Italy) to offer this service on an international level, and specifically also in Italy for our Italian customers.

VDE Institute extends test service for toys
The VDE Institute offers comprehensive tests for toy manufacturers concerning noise emission, mechanics and chemical material analyses.

We would like to support you for your safety concept
The VDE Institute offers special services to industry customers who also want to have energy efficiency tests, hazardous material tests and recycling included in the testing package, so that progress can be achieved with the necessary safety and continuity.
